VIRTUAL AND INSTRUCTOR-LED Class

Interact with other professionals and gain insight from our Certified PMP Instructors, each with real life experiences, as you learn how to install and configure Cambium Network PMP solution. All classes involve industry concepts, scenario based applications, hands-on labs and a final certification exam. All sessions are offered through our Certified Training Partners. You can view availble class sessions offered around the world at: https://learning.cambiumnetworks.com

VIRTUAL WEBINARS

Discover ideas, tips and techniques, and insights that will help you improve your PMP skills, develop new expertise, and stay on the cutting edge of knowledge to maximize your Cambium Networks PMP solution investment by participating in our live Webinars.

CERTIFICATION

Validate your knowledge and become a Cambium Certified PMP Administrator.

We offer an PMP certification exam providing an opportunity through an online testing experience for you to validate your knowledge and become Cambium PMP certified.

Certifications must stay current with updated courses and training.

Cambium Networks™ — PMP 450 Certified Administrator
